Re: 2018 Emmanuel Catholic College Immersion Program

Dear Students/Parents/Guardians

Emmanuel Catholic College will be providing an immersion experience for Year 11 students in 2018. Our wish is for students to contribute to the wider community and to experience life of a local Indigenous community. The immersion will take place at Ngalangangpum School located in Warmun Aboriginal Community, in the remote East Kimberley region of Western Australia. The program will occur from 5 August – 12 August 2018 (Week 4, Term 3). The cost for each student will be partly subsidised by the College, partly fundraised and the remainder funded by the student. The cost to individual students will be \$800.

Ngalangangpum School will provide a unique opportunity for any student to visit. The main aim of the Immersion Program is to promote respect, compassion and service to others.

The application process comes in three parts.

- Part 1: Students complete the Application Form online. This online Form is available by clicking on the following link: [2018 Immersion Application](#)
This needs to be completed by end of Term 4, 2017.
- Part 2: Students submit a video application focusing on their knowledge of the culture, outlining why they wish to attend, what they think they can contribute and what they believe they will get out of the experience. This needs to be completed by Friday, Week 1, Term 1, 2018.
- Part 3: Interview. A shortlist of students will be interviewed and selected for the Immersion Program. This will be finalised by end of Week 10, Term 1, 2018.

If you need further clarification, please do not hesitate to contact Miss Miranda Dempsey (9414 4023) at the College.

Yours sincerely

Mr Leo Di Gregorio
Principal

Miss Miranda Dempsey
Dean of Religious Education and Faith Formation
